Tetherow Event Pavilion

Friday, April 5th, 2019

6:00pm to 10:00pm

Blue Jean **BALL & BENEFIT** is The Center Foundation's premier event of the year. Estimated attendance is 175 qualified donors, Center physicians, Tetherow members, and Center Foundation supporters. Guests will enjoy live music by Dry Canyon Stampede, an open bar, hors d'oeuvres, family style dinner and dessert dash. The Maybelle Clark Macdonald Fund will match all contributions from the paddle-raise and silent auction. Entertain your clients and key employees while supporting our region's only nonprofit dedicated to keeping kids safe in sports.

About our **Sports Medicine Program**: We place certified athletic trainers in Bend, La Pine, Sisters, Prineville, Madras and Culver high schools, providing sports medicine services to young athletes. Our athletic trainers are health care professionals, specializing in prevention, emergency care, rehabilitation, and management of sports related injuries. They are first responders - your child's first line of defense.

The Center Foundation provides over \$500,000 in medical services annually to area high schools, and serves more than 5,000 student athletes at over 760 sporting events each year. We provide these services at no cost to parents or students. Our work is about more than athletics...it is about keeping kids active, engaged, and safe regardless of their ability to pay.

Please contact Sonja Donohue sdonohue@centerfoundation.org 541.322.2399 for more information.
