

## The Center Foundation Athletic Trainer - Job Description

Are you looking for a place where you can develop your skills as an athletic trainer? Are you looking for a team that will promote ongoing learning, and support your passion in athletic training? Are you looking for a community surrounded by natural beauty, full of unlimited outdoor recreational opportunities, and FUN?

If so, then The Center Foundation is the place for you! The Center Foundation's athletic trainers work in seven high schools across Central Oregon, including Bend, La Pine, Sisters, Madras, and Prineville. With the new Caldera High School opening in Bend fall of 2021, we are experiencing continued growth.

### *Why Work with The Center Foundation?*

At The Center Foundation, our culture of intense focus on the health of young athletes, standard of care excellence, and passion for keeping kids safe in an active lifestyle is truly one of a kind. We are the ONLY nonprofit in the region dedicated to doing this work, creating employment opportunities for certified athletic trainers in beautiful Central Oregon. We take great pride in making a difference in the lives of kids and their families, and having fun while doing so.

We are seeking motivated, positive; team oriented athletic trainers to join our sports medicine outreach program serving the local high schools in Central Oregon. Learn more about our mission and programs by visiting our website at [www.centerfoundation.org](http://www.centerfoundation.org).

The essential duties include, but are not limited to, the following:

- Provide evaluation, treatment, prevention, and rehabilitation of athletic injuries.
- Provide AT services during and for athletic practices, home competitions and travel to away varsity football games. Availability for event coverage in the evening and some weekends is required.
- Position may include cast room work; duties will include casting, splinting, bracing, wound care and assisting in office based surgical procedure
- Communication with student-athletes, coaches, and parents/guardians regarding student-athlete injuries. Act as a liaison between family physicians and specialist, coaches, school administration, school nurse, student-athletes and their parents.
- Maintain accurate medical records of injuries, and treatments.
- Provide concussion management services in accordance with The Center Foundation Concussion Protocol, including the utilization of ImPACT baseline and post-concussion testing.
- Assist with The Center Foundation events and programs and act as a representative within the community. Duties may include blog writing; and assistance with fundraisers, medical conference and other events put on by The Center Foundation.

We offer a competitive compensation & benefits package including professional dues and licensing fees covered by The Center.
